Jenna Marbukh

Web Developer and UX Designer

Hello! I'm a web developer with an educational background in graphic design and industry experience in UX Design. I have 2+ years of experience building interfaces and seek a full-time position that will challenge me as a web developer.

Work Experience

UX Design Intern - CoStar Group

Summer 2022 (10 Weeks) | Washington, DC

-Built a new design system for a commonly used product feature in collaboration with product managers

-Enhanced multiple web pages using Figma to fit a new modernized style

-Earned advanced certification in the user testing platform, UserZoom, and applied user feedback to new designs

-Utilized the international standard of Web Content Accessibility Guidelines (WCAG) for user experience.

Sales Associate & Graphic Designer - Your CBD Store

May 2021 to April 2022 | Richmond, VA

-Taught customers about products and wellness routines

-Designed promotional materials

-Led in-store public events

-Guided community classes

-Origanized and managed inventory
